PREFACE

We thought to edit a book with the contents of paper presented in the “National Conference on Role of Women in Nation Development-2020,” which was successfully conducted by the NIT Jamshedpur and WIT Dehradun under the twinning activities at the host institute through online mode during September 5-6, 2020. The conference has given a chance to the women across India to present their paper, and the tremendous response was received from the academic, industry, entrepreneurship cell, management, education section, administration.

Different chapters included focusing on the work of women in various fields. The individual contribution describes their expertise in particular sections. This book will impart the knowledge to young researchers and entrepreneurs for their endeavor career.
